ERISA Compliance & Employee Security

BIK & CO, LLP specializes in the auditing of employee benefit plans and review or preparation of the related 5500 returns required for IRS & DOL compliance. We perform both full-scope and limited-scope audits. Our efficient audit process provides a cost-effective, quality engagement delivered by experienced professionals that provide clients with ideas to plan administration and compliance issues.

We can become your benefit plan auditor or assume responsibility for all of your financial statement, tax, and accounting needs. Often, prospective new clients may be required by their bank or Board of Directors to use a specific firm for the financial statement audit. Organizations required to use a specific financial statement auditor often use a different specialist for their benefit plan audit. Many also have a larger, local firm like ours do their tax work and other projects in order to manage fees and receive more personalized service.
