

# QuickBooks® Online Solutions (QBO)

## Get In The Cloud Today!

A number of businesses in this digital age, have decided to move their accounting software to the cloud for easier access. QBO has over 1.5 million customers currently using their online software. The benefits include secure data which is backed-up in the cloud and is accessible from anywhere using a Mac or a PC.

### How Can BIK Help?

Our QuickBooks® Pro Advisors will review your current desktop files and determine if QBO is the best choice for your business. Additionally, we can look at how you currently use QuickBooks® and make suggestions to improve the reporting and analysis of your business.

### Why Should You Transition?

- Accurate & Timely Information
- Better Collaboration With Your Accountant
- Direct Integration With Your Bank & Credit Cards
- Automatic Scheduling & Sending of Invoices
- Anywhere, Anytime Access From a PC or a Mac
- Simultaneous Access From Multiple Locations
- Software Automatically Updates
- Automatic Backups
- Unlimited Cloud Storage

## The Next Step
