Tax Strategies

Impact Your Bottom Line

BIK & Co provides tax planning and reporting services to support individuals, businesses and not-for-profit organizations. Taxes have a substantial impact on a company's bottom line, and our experienced professionals are trained in the complex and often difficult to understand issues, including tax incentives and credits.

Time is Your Best Friend

Time is an important element in tax planning. It enables you to leverage gifting strategies, defer income taxes and be in a position to better evaluate the post-tax impact of potential steps.

Our Services Include:

- Tax Planning
- Federal, State & Local Return Preparation
- International Tax Services
- Financial & Retirement Plans
- Gifting Strategies & Estate Plans
- Elder Care Financial Planning
- Benefit Plan Analysis
- Payroll Tax Filings & Sales Tax Returns
- Succession, Transition & Exit Planning
- IRS Communications
- Cost Segregation
- R&D Studies
- Planning related to the Patient Protection and Affordable Care Act (PPACA)

Create a Tax Plan

Our professionals develop tax plans that meet the ever-changing tax environment. The power in tax planning comes from deferring tax liability and claiming limited time credits or incentives. We will create a tax plan that will be a roadmap for you, your business and your family wealth to follow. We work with you throughout the year to monitor progress and make adjustments as needed.
